About us

The people of the Thornleigh Hillcrest congregation have built this complex to share their life with the life of the community in which they as a Christian community reside.

As a Christian community we are committed to:

- Lord Jesus Christ
- nurturing the young
- worship & fellowship
- family life & values
- pastoral care
- Christian education
- Social responsibility
- Mission & evangelism

As a community we worship regularly, we share our faith through fellowship and social interaction. Across the life of our congregation all age groups are catered for in one way or another.

Within our life you will find opportunity for interaction through bible study, getting together with people of like minded interest, Christian education pursuits, social responsibility focus and outreach through mission and evangelistic avenues.

We are a caring community with a full range of pastoral services. Our permanent staff include two full time positions – a minister and a youth and family worker.

Our life as a community includes activities such as Potty Club (parents of tots, tinies and youngsters), various youth groups, Mingles (marrieds and singles), fellowship groups, bible study groups across various ages and human and community interest groups.

Our Church & Community Complex is seen as an enabler to mission – it provides us with an instrument with which to engage the world.

For more information about our community, please contact the minister on 9875 1844
